Format for user stories:

As a < user, role>, I want < feature, functionality> so that < some reason/benefit / value >

Here are our 15-20 user stories for Deliverable 0

1. As a Student or Company, I want to be able to register for a new account using an email.
2. As a Student or Company, I want to be able to log in to my account using an email and password.
3. As a Student, I want to be able to follow the Company that I am interested in so that I can add them to my feed so that I can see new jobs/ work opportunities that they have posted.
4. As a Student, I want to be able to click on a specific company and be able to see all of the jobs that they have posted and also see a description of what the company dose.

5. As a college student, I want to be able to search and find jobs that do not have a degree requirement so that I can apply for jobs that match my skill set and not have to worry about my experience not matching requirements.
6. As a college student, I want to be able to use a filter to search for job opportunities by pay, location, work type, and requirements.
7. As a college student, I want to be able to see a vast list of jobs that align with my college major to increase the chance of them finding a job that will help me grow my skills while doing the job.
8. As a college student, I want to be able to find a freelance job on the website so that I can still work even if I do not have the time for a full-time or part-time job.
9. As a college student, I want to be able to find a job that could qualify me to get college credits toward my degree.
10. As a college student, I would like to be able to save a job for later if I find one that I like but want to continue to look for other jobs so I can easily go back and find it later.
11. As an students, I want to be able to filter jobs by remote or in-person to so that I can find a job that will fit with the requirements that I want for my job.
12. As a student I want to be able set up email notifications for jobs that fit the skills that I am looking for so that it makes it easier for me to find jobs.
13. As a student I want to be able see a feed of jobs on the home screen that the site is recommending to me so that I might be able to find jobs that I might not have thought to search for.
14. As a student I want to be able click on a job and be able to see a job description the compay name and what skills that it might require.

15. As a students I would like to be able to use the application login or without being login so that I do not have to make an account.
